### Pay with Bill Pay

Save time and money by scheduling your association payment through **your** bank's bill pay service or other online payment bill pay processor, please refer to your Association Services coupon book or statement for important instructions on using an online bill pay service.

**Ensure your online bill pay setup reflects the following:**

**When are online bill payments received?**

In most instances, payments are not received on the same day that funds are debited from your account. Depending upon the method of payment and delivery used by your bill pay provider, payments may take up to 5 business days or more to be posted to your association's account. When using a bill pay service, it's advisable to schedule payments for a date well in advance of the due date.

Please be aware that if your association fee amount changes, (usually at the beginning of a new year), if you use bill-pay, you will need to change the amount of your payment with your bank's bill pay service or other online payment bill pay processor.
